User Manual for Additional Quantum Pension

1. Introduction:

As per 7th CPC, after attaining age of 80, a certain percentage of basic pension is given as additional pension to pensioners including family pensioners, as per the below table.

Age of Pensioner	Additional quantum of pension
From 80 years to less than 85 years	20% of basic pension
From 85 years to less than 90 years	30% of basic pension
From 90 years to less than 95 years	40% of basic pension
From 95 years to less than 100 years	50% of basic pension
100 years or more	100% of basic pension

The logic to calculate the Additional Pension has been incorporated in SAMPANN.

2. Process

A new column named 'Additional Pension' has been added (as shown in Fig. 01) which would reflect the quantum of Additional Pension.

This modification is applicable to all types of monthly bill:

- 1. Normal IDA Monthly Bill
- 2. Normal CDA Monthly Bill
- 3. Family IDA Monthly Bill
- 4. Family CDA Monthly Bill

The Additional Pension will be calculated in case of Arrear Bills as well in case the Family Pensioner in above 80 years in case of Death While in Service Cases.

Moreover, to keep a track of cases where Additional Pension is applicable, an MIS Report has been developed named 'Additional Pension Report' as shown in Fig 02.
